Labelette’s APS-004 Adjustable Label Head is economical, self contained, easy to operate and fully height and angle adjustable. It is capable of labeling at any angle within a 90° range and can easily convert from a side labeler into a top labeler.

Other features include Photo Eye sensors for label gap/container detection and easy setup for new labels. The simple design makes container and label change over quick and trouble free. The APS-004 can dispense up to a 6” tall labels and up to 11 3⁄4” Long.

The speed, versatility, and reliability of the APS-004 exceeds other industry leaders in labeling equipment technology, at a fraction of the price. Labellete Labelers are ideal for all plastic, metal, fiber, and glass containers. The APS-004 is designed for single side full face containers, but can be upgraded to handle cylindrical and oblong containers. Easily integrated with an existing line or conveyor.
