The **AccuCounter** tablet /capsule counter/fillers are ideal machines for tablets, capsules, caplets, transparent gel capsules, and much more. The **AccuCounter** is one of the simplest semi-automatic bench top counter on the market. It features two nozzles for continuous counting and filling. One bottle is always in place for filling, the operator simply picks up the full container and replaces it with an empty one. The **AccuCounter** includes a dust accumulator to help insure the machines accuracy. With speeds ranging from 1000-2000 tablets per minute (up to 1300 capsules per minute) the **AccuCounter** is one of the fastest semi-automatic counter/fillers available.
