Date stamp coder

SPS-104 Labeler
Automatic Pressure Sensitive Table Top Labeler

Labelette's (Automatic Pressure Sensitive) SPS-104 Table Top Labeler is an economical and efficient counter top labeling machine for round containers. This labeler is manufactured from stainless steel and anodized aluminum creating a durable but portable machine. The **SPS-104** utilizes a Micro-Processor control package that is easy to set up, easy to change over, and features a production speed up to 45 containers per minute. The **SPS-104** is the smart choice for the small production runs, R & D Projects, new product roll out or when efficiency vs equipment cost are major considerations.
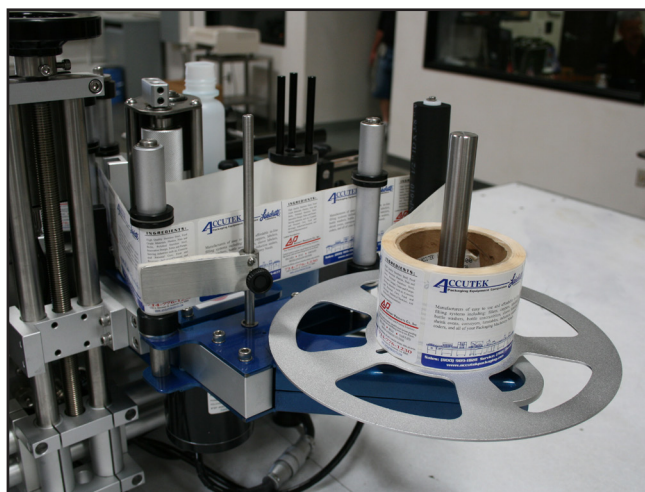

Accutek also offers a wide selection of full size automatic Labelette labeling systems. Contact a representatives or visit the website for more details.
