C1-BT Cup Sealer

Premiere Table Top Cup Sealing Solution

The Gold Cup Bench Top Cup Sealer is an easy to use semi-automatic cup sealing machine. It will automatically heat seal the lid of a product filled plastic cup or container with a roll-fed plastic or poly film. Once a cup is placed into the machine it is automatically pulled into the sealing head, sealed, and ejected in one fluid motion. Film is automatically advanced allowing the operator to quickly repeat the process. A typical operator can place, seal, and remove up to 20 CPM. The C1-BT Cup Sealer is a very efficient addition to any semi-automatic cup filling operation.

Dimensions:

Length: 20" (51 cm)

Depth: 12" (30.5 cm)

Height: 32" (81 cm)

Weight:

Approx. ~80 lbs. (36.3 kg)

Product Capping Speed:

Up to 20 CPM

Cup Diameter:

2.3" - 4.5" (60mm - 115mm)

Cup Depth:

Up to 5" (127mm) Larger with upgrade

Temperature Range:

120°-200° C

Electrical:

110 V
