

SPS-106 Labeler – Top-down Labeler

Labelette's SPS-106 Table Top, Top-down Labeler is an economical and efficient countertop labeling machine for top side labeling of rectangular labels. The SPS-106 applies labels "on demand", only when a container is detected by the Bottle Sensor, so bottles do not need to be fed in a continuous stream. That makes the labeler ideal for hand loading for occasional use, short runs or single-person operation. Its compact size, light weight, and affordable price make it an asset for smaller companies as well as high production companies when a portable labeler may be required.

Features:

- Suitable for labels up to 10 cm x 10 cm
- "On Demand" labeling
- Small footprint table top design
- Quick and easy changeover
- Footswitch operated
- Maximum roll diameter of 13.5"

Specs

Length: 25" (63 cm)

Depth: 12" (30 cm)

Height: 20" (50 cm)

Weight: Approx: 62 lbs. (28kg)

Labeling Speed: Up to 30 CPM*

Electrical: 110 VAC 60 HZ

Air: 72-102 PSI @ 5-7CFM

Label Size: Length: 0.6"-3.9" (15-100 mm)

Label Size: Height: 0.6" – 3.9" (15-100mm)
